A Venusta hybrid, pink, slightly fragrant.

A very fine white Wistaria

The racemes are up to 41 cm long with up to 84 or more flowers, scent sweet, tinged mauve, calyx greyish violet, shading to white at the lobes.

Probably a Sinensis-Floribunda hybr. Pinkish, very fragrant.

Excellent deep violet, out of the ordinary and very striking

(sinensis"Jako")Very similar to Alba but strongly scented, white with floral bracts sometimes edget mauve.

A very fine variety of Floribunda, pink racemes 40 cm long.

A very fine pink Floribunda

Very freely racemes of flowers Hilac-blue, bom in short trusses 18 to 25 cm long even on young shoots. Possible a hybrid between Floribunda and Sinensis.

Lilac-blue racemes, also free-flowering, the trusses are somewhat longer more pointed at the end

Blue inflorescences, 40 cm long late.

Black Dragon Wistaria. Probably a Sinensis-Florib. Hybr. Large broad very dark purple inflorescences and golden foliage, early.

Girl's pink lips Wistaria. Very late pink Floribunda with pink tipto the petal. Japanese taste.

(Macrobotrys) same as No. 12-19

The racemes are 36-49 cm long, densely packed with 145-170 sweetly scented flowers, pale blue-violet.

Probably a Floribunda Macrobotrys

Fragrant white flowers 35 cm long.

Same as No 19-32

A very fine pinkish-purple variety of Floribuda. Same as 12-32

Blue 35 cm long inflorescences, late.

Purple snake Wistaria.Meter-long narrow purple and white inflorescences.

A Venusta hybr. The darkest blue-purple Wistaria, slightly fragrant.

Same as No 24. Light lilac blue flowers in racemes 18-25 cm long.

Same as No 34

A very fine blue 50 cm long Dutch selection.

Flowers pink (seems same as Honko Fuji)

White sea-captain Wistaria. Short broad white inflorescences.Probably Wistaria Sinensis Alba. Early.

White snake Wistaria. Long narrow white inflorescences. Probably Floribunda Alba Late.

Pink Wistaria of the showa Emperior's reign. Probably Sinensis Rosea. Broad dark pink inflorescences. Very rare.

White 50 cm long inflorescences. Late.

White 55 cm long inflorescences. Late.

INC, Aiken.SC

Black Dragon Wistaria dark purple, flowers double. Late

Broad mauve inflorescences.

Similar to Showa Beni Fuji
